

# THE KOLORS

## BIOGRAPHY

The Kolors are an Italian pop band rooted in funk and disco influences, known for their infectious grooves, polished songwriting, and strong live identity. The band is composed of Antonio “Stash” Fiordispino (vocals and guitar), Alex Fiordispino (drums), and Dario Iaculli (bass).

Formed in Milan and shaped by years in the underground club scene, The Kolors built their reputation through intense live activity before gaining wider exposure as opening acts for international artists such as Paolo Nutini, Gossip, and Hurts in Italy between 2012 and 2013.

Their major breakthrough came in 2015, when they won Amici di Maria De Filippi, Italy’s leading TV talent show. The success propelled their debut album *Out*, driven by the hit single *Everytime*, to multi-platinum status. The album debuted at No.1 on the Official Italian Album Chart and remained at the top for 12 consecutive weeks, setting a record for an Italian band.

In 2017, The Kolors released their second album *You*, expanding their sound and international reach, including collaborations such as *What Happened Last Night* featuring Gucci Mane.

The band made their debut at the Sanremo Festival in 2018 with *Frida (mai mai mai)*, marking the beginning of a successful Italian-language chapter. In 2019, *Pensare male* (feat. Elodie) topped the Italian airplay charts, followed by *Los Angeles* featuring Guè Pequeno. Their 2021 single *Cabriolet Panorama* achieved multi-platinum certification.

In 2023, after signing with Warner Music Italy, The Kolors launched a new artistic phase with *ITALODISCO*, a pan-European hit that dominated Italian charts and became one of the most recognisable Italian songs internationally.

They returned to the Sanremo Festival in 2024 with *Un ragazzo una ragazza*, which achieved Platinum certification in Italy, followed by the radio hit *Karma*. In 2025, the band competed once again at Sanremo with *Tu con chi fai l’amore* and released *Pronto come va*, continuing to consolidate their position as one of Italy’s most consistent and contemporary pop acts.

With a catalogue spanning international pop, Italian hits, and high-energy live performances, The Kolors remain a reference point in modern Italian pop music, combining commercial success with a strong artistic identity.
